E V E N T S

Thank you for upgrading to PRO. We really appreciate your support. If you need support contact volk@volk.io for Support. We hope you enjoy the Facebook Events Importer. Let us know if there is anyway we can make it even better.

Install Instructions

1.) Upload the **facebook_events folder** to your /wp-content/plugins/ directory

2.) Activate plugin through the Plugins menu in WordPress

3.) Configure your settings using your Facebook App ID and App Secret

4.) Optional - Upload the **facebook_events_pro** folder to your /wp-content/plugins/ directory

5.) You are ready to import!

THANK YOU!
